

Randall Cottrell

Entrepreneur. Aviator. Speaker.

Randall Cottrell is an entrepreneur at heart. Bluejireh's story begins in 2005, but over the years the business has shifted its focus to aviation flight and maintenance training, systems and parts obsolescence, engineering and serving U.S. and foreign military coordination and logistics. Randall and his wife, Crystal, have five children, ages 16 to 9. Randall is equally at home on land or in the sky, and loves nothing more than to be in a plane, flying free.
